

DARTFORD BOROUGH COUNCIL FREEDOM OF INFORMATION PUBLICATION SCHEME AND INFORMATION ASSET LIST

INTRODUCTION

This FOI Publication Scheme and Information Asset List (the Publication Scheme) has been prepared in accordance with the requirements of the Freedom of Information Act 2000 (the FOI Act) and specifies:

(a) the classes of information (including environmental information under the Environmental Information Regulations Act 2004 (the EIR)) which the Council publishes or intends to publish,

(b) the manner in which information of each class is, or is intended to be,

The 7 classes of information are listed in Part 2

published; and

(c) whether the published information is, or is intended to be, available to the public free of charge or on payment.

Information will normally be published on the Council's website www.dartford.gov.uk However, the Council will make information available in a variety of formats wherever possible. Details of who to contact for those wishing material in hard copy, or in some other format to meet the accessibility requirements of the Equality Act 2010 are contained in the Scheme. In some cases, material will only be available by inspection at the Council Offices (e.g. because the material is too costly or difficult to produce in hard copy or electronic format, or is subject to conservation requirements).

PART 1

1. Introduction

The Information Commissioner's best practice guidelines on publication schemes recommend that some general information is provided at the beginning of a publication scheme. The material here is based on the Commissioner's guidelines.

1.	Introduction	The Dartford Borough Council has regard to the public interest in the information it holds. In preparing to meet its obligations under the Freedom of Information Act 2000 (the FOI Act), including the drawing up of this Publication Scheme, it has been mindful of the value of openness and transparency.
2.	About your public authority	The Borough of Dartford comprises the town of Dartford and eight surrounding parishes: Stone, Bean, Darenth, Longfield & New Barn, Southfleet, Sutton-at-Hone & Hawley, Swanscombe & Greenhithe and Wilmington. The population of the Borough is 107,500 residents ¹ and approximately 40,081 households ² . Located on the border of Kent, London and Essex, Dartford is one of the most exciting and dynamic regions in the country. Dartford is at the heart of one of the Government's key growth zones within the Thames Gateway and will see around 20,000 new homes and up to 50,000 new jobs created in the borough over the next 25 years – a substantial addition to the existing residents in the Borough.
3.	Formulating this Publication Scheme and Information Asset List	This Publication Scheme is based on the Information Commissioner's Model Publication Scheme 2008 (for local authorities). This Publication Scheme is also the Council's Information Asset List under the Re-Use of Public Sector Information Regulations 2005.
4.	Responsibility for this Publication Scheme and Information Asset List	The day-to-day maintenance of this Publication Scheme is undertaken by the Head of Legal Services and Freedom of Information Officer.
5.	Exemptions	Information may be withheld from any of the classes of information listed in Part 2 under the Freedom of Information Act 2000 and /or the Environmental Information Regulations 2004 e.g. where the Council considers that disclosure may seriously prejudice law enforcement, legal proceedings or its regulatory or enforcement activity or where the disclosure is otherwise prohibited by law. The Council may also withhold information that may seriously prejudice the commercial interests or confidentiality of any person or organisation, including statistical information in cases where small numbers may allow the identification of individuals. The Council may also withhold information which is personal information protected under the Data Protection Act 2018. Information may also be held from any of the classes of information in Part 2 of the FOI Act where releasing the information may damage internal policy development and relations with other public authorities. Where the Council believes that some information meeting the class definition will be subject to one of the exemptions in the FOI Act, it has noted this in this Publication Scheme in the exemptions column for the particular class of information.
6.	Archiving Policy	The Council's Data Retention and Disposal Policy & Schedule refers www.dartford.gov.uk
7.	Copyright	The copyright in the material listed in this Publication Scheme is owned by The Dartford Borough Council unless otherwise stated. The Council will seek permission from copyright holders before supplying copy documents under the FOI Act. The supply of documents under the FOI Act does not give the person or organisation who receives them, an automatic right to re-use the documents in a way that would infringe copyright, for example by making multiple copies, publishing or issuing copies to the public. Authorisation to re-use copyright material not owned by The Dartford Borough Council in this way should be sought from the copyright holders concerned. Please also refer to the Council's requirements on the re-use of public sector information at section 13 below.
8.	Accessing information under this Publication Scheme and Information Asset List	You may access information under this Publication Scheme in a number of ways: Online: Most information listed in this Publication Scheme is available from the Council's website – www.dartford.gov.uk By email: If the information you request is not available on the Council's website, but is listed in this Publication Scheme, we will send it to you by email where possible.

9.	Equality and Diversity	Dartford Borough Council aims to eliminate discrimination in respect of age, disability, gender assignment, marriage and civil partnership, race, religion or belief, sex and sexual orientation and will ensure that its service process is free from bias or discrimination and that all those involved in the process are treated fairly and with respect. The service process will be conducted in a manner appropriate to the individual, whatever their background.
10.	Access – Equality Act 2010	Requests for information under the FOI Act must be submitted in writing. This includes fax and email. However, in line with the requirements of the Equality Act 2010, we can make reasonable adjustments to assist you if you have a disability that prevents you from making your complaint in writing. We can also help, if English is not your first language. If you need any support in completing a FOI application form, please let us know as soon as possible. For more information, call our Customer Services on 01322 343434 or email customer.services@dartford.gov.uk
11.	Charging Policy	<p>Information provided via the Council's website is available to the public without charge. The Council reserves the right to make charges where information has to be photocopied.</p> <p>The Council will also charge for hard copies of material published on its website, but such charges will not exceed the reprographics and postage and packaging costs.</p> <p>Charges for material produced in other formats to meet the accessibility requirements under the Disability Discrimination Act will not exceed the charge, which the Council will levy for photocopies (or standard reprographics charges for other media).</p>
12.	Complaints about this Publication Scheme	<p>The Council's policy is to be as open as possible and to supply the information requested under this Publication Scheme but the Council may have to withhold information if it considers that the harm likely to arise from disclosure outweighs the public interest in making the information available. If information within a document made available under this Publication Scheme is withheld, the document will be clearly marked to show where information has been removed and the exemption applied.</p> <p>If the Council refuses to supply all or part of the information requested under this Publication Scheme, the Council will give reasons for its refusal. The reasons will be based on the exempted categories referred to in the FOI Act. Any complaints regarding the Council's failure to provide information requested under this Publication Scheme, should be made to the Council in the first instance and sent to the following address:</p> <p>The Corporate Complaints Officer Dartford Borough Council Civic Centre Home Gardens Dartford Kent DA1 1DR Tel: 01322 343434 E-mail: complaints.officer@dartford.gov.uk</p> <p>The complaint will be dealt with in accordance with the Council's Corporate Complaints Procedure. 13.	Published Datasets	<p>Datasets are published under the Non-Commercial Government Licence. Where possible and relevant, we have made this data available in both a 'human-readable' format (such as PDF) and an open, 'machine-readable' format (such as CSV or XML) that is not dependent on any specific software. In the case of map reference points, we have made these available as a visual map and a CSV file.</p>
13.	The Re-use of Public Sector Information	<p>The supply of documents to you by The Dartford Borough Council under this Publication Scheme and Datasets does not give you a right to re-use them in a way that would infringe the Council's and/or any third party copyright i.e. by making copies, publishing and issuing copies to the public or to any other person. The Council may choose to allow re-use under licence, imposing conditions on the re-use of the information to ensure it is not used in a manner inconsistent with its copyright and the Council may also decide to charge a re-use fee. The first step towards re-using public sector information is to know what significant information is available for re-use. All documents registered within this Publication Scheme (with the exception of those documents where charges apply) are available for re-use on the terms of the Non-Commercial Government Licence. No re-use fee is charged under this licence.</p> <p>Private Study etc. and Non-Commercial Re-Use of Information</p> <p>The Non-Commercial Government Licence applies. Refer to the Council's Policy on Reuse of Public Sector Information.</p> <p>Re-use of Information for Commercial Gain</p> <p>If you intend to re-use the material for commercial gain then you must write to the relevant Department or author of the material concerned, giving full details of your proposed use of the material, including whether you intend to publish and sell the material as part of your product. You will be advised of any charge due to be paid in these circumstances and the terms of a licence will be agreed. Please note that any fees already paid (if any) under the Freedom of Information legislation will be deducted from the charge for its re-use. Refer to the Council's Policy on Reuse of Public Sector Information for details of the different types of licences and charges.</p> <p>Third Party Intellectual Property Rights (including but not limited to copyright)</p> <p>Where any third party intellectual property right material is identified you will need to obtain permission from the intellectual property right holder(s) concerned.</p>
