

Dear Mark

Please see below comments from Swanley Town Council regarding the Dartford Local Plan:

**Swanley Town Council support the retention and reaffirmation of green belt land to protect the identity of Swanley and nearby villages.**

**We agree with Dartford concerning the importance of upgrading junction 1 & 2 but feel that Dartford should consider the importance of also upgrading the capacity and flow of junction 3 along with the Highways Agency.**

**Swanley Town Council will support more co-operation between boroughs and districts.**

Please can you confirm receipt of comments received.

Suzie
