

**Explanatory notes on fees for different types of applications other than new dwellings up to 300m<sup>2</sup> and flats up to 3 storeys**

Where the Building Regulations apply to your work, you or your agent will need to submit either a Full Plans application for approval or a Building Notice.

**Full Plans Application**

If you submit a Full Plans application, we will examine your plans and details as quickly as possible and, if necessary advise you of any changes required to meet the requirements of the Building Regulations. A plan fee is payable with your application. You will be invoiced for the inspection fee (as applicable) following the first inspection by the Building Control Surveyor.

**Building Notice**

If you submit a valid Building Notice, work can commence after two working days. The fee payable covers our services to you and should be submitted with the Building Notice.

**Regularisation Applications**

A Regularisation application may be submitted when seeking retrospective approval for work that has been substantially completed. A fee of 120% of the Building Notice fee must be paid when the application is submitted. No VAT is payable.

**Electrical work as part of extensions or alterations to dwellings**

Applications involving electrical work shall be accompanied by a completed Statement of Intent indicating whether the work will be carried out by an electrician registered under a Competent Persons Scheme.

**Refunds and supplementary charges**

If the basis on which the charge has been set or determined changes, the Council will refund or request a supplementary charge and provide a written statement setting out the basis of the refund/supplementary charge and also state how this has been calculated. In the calculation of refunds/supplementary charges, no account shall be taken of the first hour of an officer's time.

**Cheques**

Cheques should be made payable to Dartford Borough Council. The Council accepts most debit and credit cards and has the ability to accept payments over the phone.

### **Full Plans Submission**

The appropriate plan fee should accompany your application when the plans are deposited with the Council. The plan fee covers the cost of processing and checking your proposals for compliance with the Building Regulations.

### **Inspection Fee**

Where an inspection fee is payable, the Council will invoice you following the first inspection by a Building Control Surveyor. The inspection fee is one payment that covers all the inspections made of the building work during the course of construction.

### **Building Notice**

The appropriate fee should accompany the Building Notice when it is deposited with the Council.

### **Dwelling Extensions and Rooms in the Roof Space**

Where the total or the aggregation of the floor area of one or more extensions exceeds 60m<sup>2</sup>, the charge should be calculated by reference to Table 3. (You are advised to consult us when carrying out different types of work to the same property as this may result in additional fees)

### **Measuring Floor Areas**

Floor areas are based on the internal faces of the enclosing walls/outmost edge of floor.

### **Estimated Cost of Works**

The estimated cost of the work is that which would be charged by a person in business to carry out the work but excludes the amount of any VAT. The estimated cost of works is only that work which is controlled under the Building Act 1984.

### **Extension of a Dwelling**

Where an extension to a dwelling, the total floor area exceeds 60m<sup>2</sup>, the sum of the plan charge and the inspection charge must not be less than:- **£885** (including VAT)

### **Refunds and supplementary charges**

If the basis on which the charge has been set or determined changes, the Council will refund or request a supplementary charge and provide a written statement setting out the basis of the refund/supplementary charge and also state how this has been calculated. In the calculation of refunds/supplementary charges, no account shall be taken of the first hour of an officer's time.
