Dear Ian

**Dartford Local Plan Examination Update - Gypsy, Traveller and Travelling
Showpeople Accommodation**

The three sites considered for allocation Eagle Farm, Eebs Stables and Salinas Site overlie Chalk and Thanet Sands designated as a Principal Aquifer and Secondary A Aquifer respectively.

Whilst the sites are sensitive in respect of controlled waters due to the underlying aquifers and Source Protection Zones, it would not preclude the inclusion of these sites for their proposed use.

Yours sincerely

Ms Laura Edwards
Planning Advisor
