Dartford Borough Council has embarked on an important environmental journey to reduce its own carbon footprint and encourage every family and organisation to take simple steps towards a greener, cleaner future.

The Council has set up its own climate change initiative - Planet Dartford - with an aim to encourage responsible and sustainable actions - large and small.

We're proud to launch our Family Trees scheme, exclusive to Dartford residents.

Children so often create the moments that shape a family's life.

For many, it's the celebration of a new born, the start of a new life in a loving home or a life-changing intervention that can turn around the early years of a child.

For some, sadly, it can be a heartbreaking loss that changes lives forever.

Planting a tree is to make a commitment to the future and mark a moment that shaped the story of a family. Dartford Borough Council is offering eligible Dartford families a £25 voucher to purchase a plant, shrub, or tree to mark a chapter in the story of local families.

Whether you wish to mark a newborn's arrival or first smile, welcome a newly adopted or fostered family member or create a loving tribute to a little one, we hope you will take part in this great green initiative.

Family Trees vouchers are valid until 31st December 2023 and can be spent at one of three local garden centres who are partnering with our scheme. We have up to 1000 Vouchers available and they can only be used to purchase plants, shrubs or trees.

Staff at the garden centres will be happy to provide advice about what will grow best in your garden.

Our garden centre partners are:
